

TECHNISCHE
UNIVERSITÄT
WIEN
Vienna University of Technology

The Research Unit **Operations Research and Control Systems (ORCOS)**, Faculty of Mathematics and Geoinformation, TU Wien, invites applications for a

Postdoctoral Research Assistant

position beginning in **November-December, 2018**.

Responsibilities: The successful candidate will conduct research in the field of continuous optimization and optimal control. The research is expected to result in publications in high-level journals.

The contract is for a 40h/week employment for a period of 2 years. The monthly salary is currently (in accordance with FWF) EUR 3.711,10 gross (14 times per year).

The successful candidate will have a PhD degree in Mathematics or Applied Mathematics. Knowledge in optimal control, optimization, nonsmooth and variational analysis, and experience in programming with Matlab will be advantageous, although not necessary.

Application Information: The application should include the following documents:

- Statement of Research Interests,
- Curriculum Vitae,
- Copies of academic credentials (with translation if not in English or German),
- Contact information to a person (former supervisor) who may give a recommendation.

Review of applications will begin immediately and continue until the position is filled.
